

SOLUTIONS FOR INTERIOR FINISHING TRADES

Hilti Tools, Fastening &
Firestop Systems

QUICK, EXPERT REPAIRS

Clear warranties and repair costs

Hilti Tool Service

We repair and clean your Hilti tools quickly and professionally. We'll even pick them up from your jobsite and return them to you onsite as well.

QUICK TURNAROUND

- 1 day in shop to repair tools plus transit times.
- Smooth onsite pick-up and delivery, thanks to our strong partnerships with trusted carriers.
- All repairs are carried out by our highly trained and certified Hilti tool technicians.
- We only use Hilti spare parts.

CLEAR WARRANTIES AND REPAIR COSTS

Up to 2 years no cost repair or replacement:

We repair your Hilti tool for free for up to 2 years after you buy it, if it breaks down. This includes parts worn by wear and tear, free pick-up and delivery. After the end of the 2 year warranty, you pay for repairs, but repair costs are capped.

3 month no cost repair:

We repair your Hilti tool for free for 3 months after your last Hilti repair, if it breaks down again. This includes parts worn by wear and tear, free pick-up and delivery.

All tools are covered by our manufacturer's warranty:

Tools are repaired free or replaced if they break due to materials or manufacturing defects, for as long as spare parts are held.

THE PROCESS IS SIMPLE

If you need to organise a repair, just contact us by phone or online and we'll do the rest.

Every Hilti tool is registered, so you don't even require proof of purchase.

Watch the video to know more about our Tool Service

THE CLEVER ALTERNATIVE

We manage your tools so you can manage your business

Hilti Fleet Management

Avoid the hidden costs of owning power tools

Most contractors only think of tools in terms of purchase price. But have you considered the hidden costs associated with owning power tools?

They may be below the surface but they are very real and add up quickly.

With Hilti Fleet Management there is no upfront investment to tool-up for a job. Instead, you pay a fixed monthly charge that covers all tool, service and repair costs. This greatly simplifies your financial planning and takes a load of administrative work off your shoulders.

CONTROL YOUR COSTS

All inclusive repairs

- No repair costs - ever
- Unlimited battery replacements

Fixed monthly cost

- A low monthly usage fee replaces a large upfront cash investment to tool up
- Predictable costs, every month

Theft coverage

- 80% of losses covered in the event of a theft
- Simply report the tool stolen with a police report. We'll take care of the rest

CUT ADMINISTRATION

Streamlined processes

- No more repair quotes – high quality tool repairs returned fast
- Quick and easy order process to add tools to your fleet
- 1 monthly invoice

NO MORE DOWNTIME

Tool upgrades

- Use our tools to get the job done, then trade up to the latest technology at the end of the term
- Minimise downtime with a constant fleet of peak performing tools

Loan tools

- In the event of a tool repair we can arrange a loan tool from a designated Kennards Hire branch. Call us on 131 292 and we'll do the rest.

KNOW WHAT YOU HAVE

Tool inventory and labelling

- Use Fleet Management Online to track and assign your tools to a specific job, team or worker
- A full tool fleet list helps avoid redundant purchases
- Customised labels makes tracking tools easier

Some limitations apply. Contact Hilti for details.

PRODUCTIVITY PLUS

Complete systems for interior finishing trades

Hilti Systems

SYSTEMS FOR INTERIOR FINISHING CONTRACTORS

We offer a wide range of tools and anchor fixings for drywall and ceiling installation, tiling and floor renovation, door and window installation.

These include laser tools for measuring and aligning, drilling tools, anchor fixings, direct and screw fastening systems.

We make dust extractors, designed to keep dust to a minimum and special foams for insulation, filling, fastening and soundproofing.

We also offer firestop products designed to seal off pipes and openings in the event of fire.

ACCURATE, RELIABLE AND EASY TO USE

Hilti Measuring
Systems

PD 5 distance measurer

- Accurately measure distances ranging 0.25m – 100m in a one-person operation
- Easy to use, single button operation
- Water resistant and dust tight
- Automatic backlight on the display makes the results visible in dark spaces

[Click here for more info](#)

PM 2-LG green line laser

- Level suspended ceilings
- Level and align doors and windows
- Green laser beam for best visibility
- Horizontal and vertical line with a large fan angle to cover the whole working area

[Click here for more info](#)

PM 4-M multi line laser

- Complete solution for all aligning tasks: level, align, plumb and square
- Setting out drywall tracks on floors, ceilings and walls for partitioning
- Projects clear 3D vertical lines with a cross on the ceiling

[Click here for more info](#)

PR 3-HVSG rotating laser

- Level suspended ceilings and transfer heights
- Square walls and partitions
- Four times better visibility thanks to the latest Laser Class 2 green diode technology
- Rotating laser beam can be switched, by remote control, to a stationary laser line that can be shifted in the horizontal or vertical planes
- Rugged shock-absorbent housing provides protection in case the tool is dropped

[Click here for more info](#)

PRI 36 rotating laser

- Level suspended ceilings and transfer heights
- Square walls and partitions
- Green laser beam for best visibility
- Tool aligns the beam at the touch of a button thanks to auto-align

THE FREEDOM TO GET THE JOB DONE

Hilti Cordless
Systems

SID 22-A cordless impact driver

- Compact design for easy access in tight corners and small spaces
- Perfect balance and light weight

[Click here for more info](#)

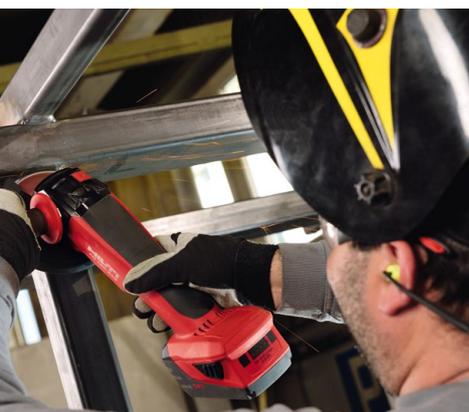

TE 4-A22 cordless rotary hammer

- Repetitive drilling in all directions in concrete and masonry, recommended diameter range 5-12mm
- Dustless drilling with the TE DRS 4-A dust removal attachment for a safer and cleaner work environment
- First class performance-to-weight ratio, making it ideal for overhead applications
- High battery capacity – more holes per charge

[Click here for more info](#)

AG 125-A22 cordless angle grinder

- Most powerful grinder on the market, can withstand high forces when cutting or grinding
- Perfect balance and low weight
- First class safety features: disc brake, Active Torque Control (ATC), deadman's switch

[Click here for more info](#)

SCW 22-A cordless wood saw

- Impressive cutting performance and much lighter than a corded alternative
- Perfect for cutting formwork, plywood, chipboard, plastic, rafters and battens

THE FREEDOM TO GET THE JOB DONE

Hilti Cordless Systems

Drill bits

TE-C STANDARD DRILL BITS

- For faster drilling in reinforced concrete

TE-CX PREMIUM DRILL BITS

- Technologically advanced design with 4-cutting edges for reduced risk of jamming on rebar
- Hilti replacement guarantee if the bit breaks when wear mark is visible*

*Conditions apply

[Click here for more info](#)

Abrasive cutting discs

- Cut steel and stainless steel pipes, rods, profiles and metal sheets
- Universal performance disc: high performance, good value
- Special performance disc: harder bond for ultimate performance and longest life

[Click here for more info](#)

Circular saw blades

- Precision laser cut blade for longer lifetime and precise cuts
- SCB wood: rip and cross cutting in plywood, formwork boards, OSB, particle/chipboard, MDF, wood composites, solid wood and timber
- SCB blade for wood with metal: Rip and cross cuts in abrasive and wooden boards (gypsum, fibre, formwork, plywood, particle, MDF), timber and wood with nails

QUICK, PRECISE AND CLEAN

Hilti Diamond
Systems

VC 40-U dry/wet vacuum cleaner

- Remove dust and slurry from drilling, slitting, grinding and wet/dry coring
- 1200W powerful motor
- Hilti Airboost filter technology for consistently high suction performance
- Automatic filter cleaning every 15 seconds

[Click here for more info](#)

DCH 300 diamond cutter

- Cutting and extending openings for windows, doors and shafts
- Cutting metal beams, steel pipes and reinforcing bars
- Up to 120 mm cutting depth - twice the depth of a conventional angle grinder
- Use with depth gauge for accurate cutting depth adjustment
- Use with matching diamond cutting discs for best performance

[Click here for more info](#)

DCH 180-SL slitting machine

- Quick and neat chasing for cable conduits and pipes
- Very high cutting performance, up to 60 mm slitting depth and width
- Use with depth gauge for accurate cutting depth adjustment
- Use with matching diamond cutting discs for best performance

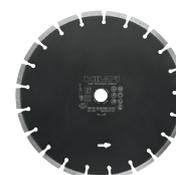

[Click here for more info](#)

Diamond Disc SP-S

- Large diamond segments and special bond for longer lifetime on a wide range of materials
- Fast cutting speed due to unique wave segment geometry and concentration of high-quality diamonds
- Thick steel core and laser welding technology for maximum reliability and safety

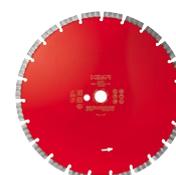

[Click here for more info](#)

Diamond Disc EQD SPX

- Equidist technology and unique wave segment geometry improve blade versatility without compromise to performance
- Designed to outlast with large diamond segments (12 mm high) and special bond
- Thick steel core and laser welding technology for maximum reliability and safety

EFFICIENT AND PRODUCTIVE

Hilti Direct Fastening Systems

SD 5000-A22 cordless drywall screwdriver

- Fastening drywall to metal or wood framing on walls and ceilings
- Fastening metal track to metal track (framing)
- SMD 57 magazine for speedy repetitive fastening
- High battery capacity / very short charging time
- Optimal speed and power: speed 5000/min, torque 9.5 Nm

[Click here for more info](#)

GX 120 gas fastening system

- Repetitive fastening of drywall track to concrete, concrete block and steel
- Attaching drywall track to floors, walls and ceilings
- Magazine holds 40 nails for very fast, repetitive fastening
- X-GN nails: Suitable for concrete, block and masonry
- GC 21: Gas can, drives up to 750 fasteners

[Click here for more info](#)

DX 351 MX powder-actuated fastening system

- Fastening drywall track
- Fully automatic with no cycling required
- Light, low recoil and low noise

[Click here for more info](#)

DX 351-CT powder-actuated fastening system for ceilings

- Fastening overhead to concrete or steel
- Fastenings for suspended ceilings
- Safety device helps prevent unintentional firing
- Specially designed for "bump firing" in ceiling fastening applications

[Click here for more info](#)

Nails and clips for concrete

- X-C 22 P8 S15 TH: nail for concrete
- X-CC U27 P8: ceiling clip for concrete

[Click here for more info](#)

DX 460-IE insulation fastening system

- Fastening mineral wool and EPS insulation materials to interior and exterior walls including facades
- Fastens insulation thickness 25 mm - 120 mm
- One-step operation - up to 5 times faster than traditional drilling and anchoring method
- X-IE insulation fasteners: wide range of sizes available in black and white

HTB metal anchor with screw for drywall

- Light-duty anchoring in drywall and heavier-duty applications in concrete block
- Best performance in gypsum board
- Unique installation “legs” and locking cap for easy and adjustable fastening in various thicknesses

[Click here for more info](#)

HCA ceiling hanger

- Installing suspended ceilings
- Easy install: hammer in and pull with hammer claw
- Gripping lugs on the sleeve aids expansion during setting

[Click here for more info](#)

HPS plastic impact anchor

- Fastening trim strips, battens and components for electrical and plumbing installations
- Universal use on many materials, including perforated brick and block
- Drive in with a hammer or screwdriver. Can be unscrewed

[Click here for more info](#)

HLC sleeve anchor

- Suitable for a wide range of temporary applications and fastening small items
- Many head configurations available: hex, countersunk, tie wire, closed eye bolt, open eye bolt
- Pre-assembled anchor for fast, easy installation

[Click here for more info](#)

HSA expansion anchor

- Fastening columns and beams
- For fast, convenient and reliable torquing set with SIW 14-A or SIW 22-A impact wrench and S-TB torque bar

DONE ONCE DONE RIGHT

Hilti Firestop Systems

VISIT WWW.HILTI.COM.AU OR CALL 131 292 FOR FIRESTOP APPROVAL DOCUMENTATION

CP 606 flexible firestop sealant

- Acrylic based firestop sealant
- For fire, acoustic and smoke sealing of interior construction joints
- Fire and smoke stop metal pipe penetrations with low movement
- Impervious to smoke and gas
- Wide range of approvals, see website for documentation

[Click here for more info](#)

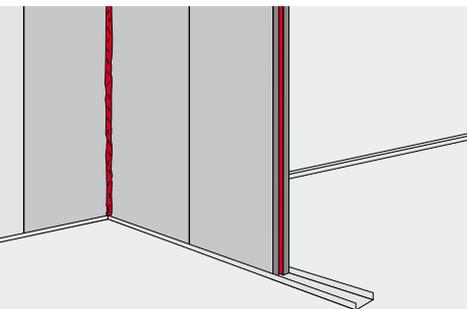

CP 611A firestop intumescent sealant

- High expansion firestop mastic for cables, conduits and PE-X pipes
- Sealing around PVC conduits to 32mm in diameter
- Sealing around PE-X water supply pipes, 16mm, 20mm and 25mm in diameter
- For use in concrete, aerated concrete, hollow masonry and plaster board walls
- Wide range of approvals (documentation on website)

[Click here for more info](#)

CF 126 dispenser foam

- Sealing joints, cracks and gaps
- Insulate gaps around window frames, wooden floors, pipes, baths, air conditioning equipment, air ducts
- High yield
- Use with CF DS-1 dispenser gun and CFR1 cleaner

[Click here for more info](#)

CF 116 filling foam

- Filling gaps and cracks, drywall voids, pipe penetrations and cavities around electrical fittings
- Restricts drafts and reduces noise and vibration

[Click here for more info](#)

Hilti Grinding Systems

DG 150 diamond grinder and DG-CW cup wheels

- Grinding floors – concrete, tiles and mortar
- Removing paint, adhesive and other coatings from concrete
- Minimal mess thanks to dust hood attachment
- Use with Hilti diamond cup wheels for best performance and longer life
